JULY 2010

Strategic Planning

More than 20 enthusiastic members and individuals interested in promoting safety and reducing injury in our community met for a Strategic Planning session at the Fire Station June 18, 2010.

The session was positive and energetic as participants assessed the activities of the past year, setting plans to be more effective with current strategies and developing new goals for the year(s) ahead.

Lively discussions of topics included: sustainability; human, financial and physical resources; visibility and marketing; coordination among community groups with respect to funding, service provision and marketing/registration; and focusing on established priorities.

Staff is currently compiling the notes from the session into a document to act as a workable plan for Safe Communities Port Colborne to be monitored and referenced as a method of implementing direction to working groups and to staff.

Program Coordinator

It is my pleasure to welcome to Safe Communities Port Colborne our new Program Coordinator, Joanne Ferraccioli.

Joanne currently serves as Health Services Coordinator for the City and will incorporate the duties of the SCPC Program Coordinator into the broader umbrella of community health care. The SCPC Board of Directors agreed that Joanne is the perfect person to integrate synergies among our community's health care services.

Welcome aboard Joanne!

Vance M. Badawey
Mayor, City of Port Colborne
